

TOP 10 LIST

Choosing a university can be a daunting task. There are lots of things to consider. For example:

- **Should you stay in Canada? Or consider universities overseas?**
- **What programs are you most interested in?**
- **What are the admission requirements? (i.e. marks/courses)**

Complete the following tasks **on your own**:

1. Choose a university (it can be any university – Canadian or otherwise!) Tell Ms. Bader your choice (**Only 1 person in the class can choose that university and it is first come, first served!**).
2. Visit your university's website.
3. Find the answers to the following information:
 - a. Location (city/town, state/province, country): _____
 - b. Distance From Toronto (driving or flying): _____
 - c. Choose a Program: _____
 - d. Admission Requirements (for the program of your choice): _____
4. Create a top ten list.
 - a. **Topic: 10 reasons why I want to go to** _____
5. **Next class**, you will present your findings and your Top 10 List (you may do a PowerPoint, a skit, a song, etc.) You must include a photo of the university, either digital or paper, that is easily identified as being a part of the university in your presentation.
6. Please review the rubric so that you know how you are being marked.
